Proposed Policy for Review – Remote Meeting Attendance

Draft for committee review on 6/3. If approved, this section will be added to the Troop 413 Policies document.

Committee meetings are conducted in person by default. To protect the confidentiality of committee business and to keep discussion focused and effective, the Committee does **not** permit partial remote attendance: individual members may not call in or otherwise participate remotely while a meeting is being held in person.

When circumstances prevent enough members from attending in person to establish quorum, the Committee may instead convene the meeting **fully remotely**, provided that:

- A quorum of Voting Members is able to participate remotely; and
- The meeting is conducted entirely by remote means, with no in-person gathering held in parallel.

This “all-or-nothing” approach ensures every participant shares the same meeting format — either all in person or all remote. It avoids the confidentiality risks and the communication difficulties that can arise when only a subset of members attends remotely.

The decision to convert a scheduled in-person meeting to a fully remote meeting rests with the Committee Chair, who should notify members as far in advance as is practical.
